

**Vision: Every Patient Safe**

**Mission: We champion the patient voice to advance safe healthcare**

### Principles

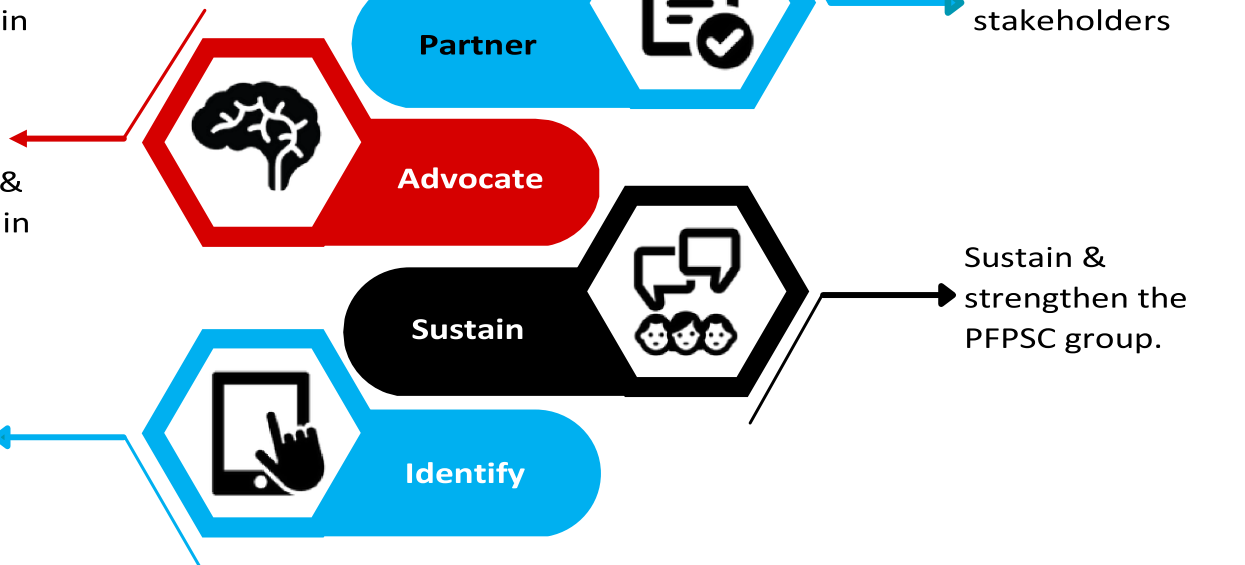

Prevent harm through promoting safety, prevention & learning from reporting.

Meaningfully engage patients in improving safety across the healthcare system.

Prevent further harm by supporting all harmed to heal.

### Priorities/Goals

Advocate for patient experience input in patient safety initiatives, contributing to preventing harm & enhancing safety in healthcare.

Be continual learners & educators about patient safety.

Encourage & advance our members' participation in patient safety work.

Increase public awareness, knowledge & active participation regarding patient safety.

Evaluate the progress of our work.
